MAIL PLANES LEAVE N. Y. FOR PACIFIC NEW TWIST GIVEN TRUNK MYSTERY

ALL METAL SKY CRUISERS WILL LAND IN UTAH

Planes Piloted by Expert Aviators Will Lay Out Regular Route

THROUGH SERVICE TO BE BEGUN SEPTEMBER 1

Establishment of Regular Service Will Cut Down Letter Time One Half

NEW YORK, July 29.—Three all metal monoplanes carrying the first transcontinental aerial mail, left the flying field at Central Park, L. I., at 10:05 o'clock today for San Francisco. Eleven airplanes escorted the transcontinental planes in a flight over New York before the jump westward on the pathfinding trip to establish an aerial mail route between here and the Pacific Coast.

The monoplanes carried letters from the mayor of New York to the mayors of San Francisco and other cities along the route, which will follow in general that of the transcontinental flight of army planes last year.

STOPS IN UTAH. Cleveland is the first scheduled stop. Other stops will be made at Chicago, Omaha, Cheyenne, Salt Lake City, Reno and San Francisco.

The trip not only is expected to make possible the establishment in September of regular aerial mail service from coast to coast but to yield information of value to the war department.

Regarding this proposed extension to the Pacific coast of the air mail route, which now ends at Omaha, Major I. B. Lent, general superintendent of the air mail service, said:

"The through service, which will be started in September, will cut in half the present five-day letter time to San Francisco. At the start, the New York-Omaha end of the run will be covered by all-metal planes and the western half by Havillands. As soon as we are able we plan to put the all-metal monoplanes on the entire run from coast to coast."

THOSE IN PARTY. The party includes Colonel H. E. Hartney, chief of training group, army air service; Major Lent, John M. Lattin, owner and designer of the all-metal planes; Captain "Eddie" V. Kickenbacker, Lieutenant Charles R. Colt, William B. Stout, of Detroit, designer of airplanes; Louis Dietz, of Omaha, E. W. Allyn, of Cleveland, army and civilian photographers, pilots and mechanics.

Two of the planes will be left on the coast and one is to be used for forest fire patrol by the air service.

JOSEPH CHEZ RESIGNS STATE SENATOR'S JOB

Appointment of Successor to Be Named at Election in November

State Senator Joseph Chez of the Fourth senatorial district of Utah today handed to Governor Simon Bamberger his resignation from the office of state senator.

Mr. Chez said increasing law practice made necessary his retirement from public office and he desired to resign at this time so his successor could be named in November.

Sensor Chez declared he would not be a candidate for any office at the forthcoming Democratic state, county and congressional conventions.

The text of his letter to the governor follows: "I hereby tender my resignation as state senator from the Fourth senatorial district, to take effect August 1, 1920.

"In doing this I am only carrying out my purpose formed at the close of the world war. It was because of the war, and the abnormal conditions which then existed that I yielded to a re-nomination and re-election, extending my term to January 1, 1923, having also felt that the sacrifice made by me from my law practice is no longer necessary, and I therefore place my resignation at your disposal in ample time to have my successor elected at the general election next November, thereby causing no inconvenience or expense to the county and state."

ARCHBISHOP TO DEFY BRITISH; SAILS SATURDAY

Government Declares Mannix Cannot Enter Because of Speech on Irish Question

SINN FEINERS ARE OPPOSED TO COMPROMISE

Unionist Workers Modify Attitude Taken Toward Men of Catholic Faith

NEW YORK, July 29.—Plans of Archbishop Daniel J. Mannix, of Melbourne, Australia, to leave here next Saturday on the steamship Baltic are unchanged by formal notification from the British government that he will not be allowed to enter Ireland because of his recent utterances on the Irish question, the American commission on Irish independence announced today.

"Despite Lloyd George's ukase," the announcement said, "Archbishop Mannix will sail on Saturday noon." The Baltic stops at both Queens-town and Liverpool. The commission did not state at which port the prelate planned to land.

ATTITUDE CHANGES. DUBLIN, July 29.—Renewed activity is apparent in Irish political circles favoring dominion home rule as a satisfactory settlement. In addition to Sir Horace Plunkett's dominion league, which makes a new appeal for funds, many Irishmen are prompted by Premier Lloyd George's announcement to press forward a plan differing from the dominion leagues by agreeing to allow the Irish counties to vote themselves out.

Nationalists who hitherto violently opposed this course as being a partition of Ireland, have come round to favor it and have the support of the Freeman's Journal which in recent months under a new proprietorship could not be distinguished from the Sinn Fein organs.

In agreeing to accept county option for Ulster, important groups have met both of the premier's indispensable conditions. The crux of the situation is the attitude of the Sinn Fein leaders who continue to repudiate all compromises.

But the story circulated privately that Eamon DeValera has sent word that a dominion settlement should be accepted and that several leading Sinn Fein believe this to be the best policy, though not generally credited is responsible to some extent for the more sanguine outlook.

To all activities, Sinn Fein leaders present a front of unchanging difference and disdain. The only terms on which they are willing to meet him to negotiate a treaty of peace between England and Ireland.

Powerful influence on the Sinn Fein policy is exercised by the republican army which numbers more than 200,000 and has been described as occupying toward the Dail Eireann the same relations as Cromwell's Ironsides did to the commonwealth parliament.

PREPARE FOR MANNIX. DUBLIN, July 28.—A requisition has been signed requiring the lord mayor to summon a special meeting of the Dublin corporation to confer the freedom of the city on Archbishop Mannix.

R., died today at the home of his daughter, Mrs. A. B. Burdick, Oak Corners, New York, where he has been visiting since last May. His death was sudden. He was 75 years old.

THREE YEARS LONELY WANDERING TOO MUCH FOR EVADER OF DRAFT

PORTLAND, Ore., July 29.—Three years of wandering in the all-but deserted mountains of southern Oregon in efforts to escape a charge of evading the selective draft, were ended today with Alfred Fattig, 27-year-old farmer, in jail here.

He surrendered, he said, because of loneliness which became unbearable. During his wanderings, he told county authorities, the meat of wild animals and berries had been his principal means of subsistence.

Fattig and his brother Charles fled to the mountains in 1917 because of conscientious scruples against war, he declared. They took clothing, salt, matches, weapons, ammunition and a prospector's pan.

"We pretended to be prospectors when we occasionally met miners or other people in the mountains," Fattig told authorities. "Once I returned home, in February, 1918. I saw my mother and returned to the mountains. About Christmas of 1918, we heard, from an old miner, that the war was over. Last fall my brother said he had had enough and was going somewhere to work. I decided to remain in the mountains alone. Finally it got so I simply could not stand it any longer. I wanted to be with people. I came out and surrendered."

Charles Fattig has not been apprehended.

MEXICAN REBELS READY TO MEET FEDERAL ARMY

Governor of Lower California Enrolls 4,000 Men for Expected Invasion

MEXICALI, Lower California, July 29.—Further enlistments were asked today by Esteban Cantu, governor of the northern district of lower California, to repel what he described yesterday as an "invasion" of Lower California by Mexican federal soldiers.

Three recruiting offices here busy until last night enrolling men for Governor Cantu hoped to obtain an army of 4,000. The advancing federalists it was said here, numbered about 3,500. The governor expects an attack at Ensenada in about seven days and at a Colorado river point in about four days.

DENIES "OPEN REBELLION." The governor was waiting today for an answer to a telegram he sent President de la Huerta, protesting against the invasion. He denied a statement by Under-Secretary of the Interior Valenzuela that there was open rebellion in Lower California.

CONFIRM VILLA REPORT. WASHINGTON, July 29.—Official confirmation of the surrender of Francisco Villa to the federal government of Mexico was received at the state department today from the American consul at Piedras Negras. He was officially advised of the surrender by the federal commander at Piedras Negras.

VILLA'S STATEMENT. MEXICO CITY, July 28.—"I am surrendering unconditionally because the country needs peace for reconstruction," said Francisco Villa when he met General Martinez, chief of operations in the states of Coahuila and Nueva Leon at the railroad station in Saltillo.

When General Martinez, who is arranging surrender terms with Villa, arrived at the station, the rebel general approached him with head uncovered and hand extended.

Villa will make his residence at Nieves, Zacatecas, after disbanding his troops at Torreon, according to a government communique. His men, it is added, will go from Salinas to Torreon on foot.

Villa's men, newspaper accounts say, were offered two trains, but refused to use them. Each of the six hundred soldiers will receive a year's pay to get a start in life.

COLORADO DEMOCRATS ARE NAMING CANDIDATES

DENVER, Colo., July 29.—Colorado Democrats opened their state assembly today to designate candidates for the state-wide primary to be held in September. A movement was started early today to have the assembly designate but one candidate for each office to enter the primary unopposed.

James M. Collins, Non-partisan, is a leading candidate for governor. In his keynote address, Walter Walker of Grand Junction, temporary chairman, lauded the administration of Woodrow Wilson and characterized the San Francisco convention as the "greatest political convention in fifty years."

An aggressive and a militant democracy, knowing that it is right, will wage a victorious campaign," he declared. "We are proud of our president, we are loyal to his policies, we glory in the Americanism, the democracy, the ability and the leadership of our nominees, Cox and Roosevelt."

The new national chairman referred to Illinois, Indiana and Ohio as the "battleground" of the campaign, but he indicated as the campaign plan developed Governor Cox would carry the

"Cox sure" of victory.

The three-word slogan of the Democratic campaigners, Mr. White said, adding that with this slogan should be "Cox sure" of victory.

OCCUPATION OF SAKHALIN NOT FAVORED BY U. S.

Japanese Take Part of Russian Island to Pay for Massacre

UNCLE SAM FAILS TO RECOGNIZE THIS ACT

This Note and Other Incidents Cause Much Concern in Nippon Over Relations

TOKYO, July 29.—(By The Associated Press.)—The Japanese government has received a communication from the United States pointing out among other things, that America is unable to recognize Japan's occupation of the northern half of the island of Sakhalin. The Nishi Nishi says that from the nature of the protest the impression exists here that the communication is not really a protest but rather an exposition of the American viewpoint on occupations of Russian territory, with something of America's attitude toward the territory to be occupied.

It is apparently felt here that any publication of the details of the note should emanate from Washington and not Tokyo. Meanwhile it is considered likely that Japan, after mature deliberation, will forward an answer to Washington in an attempt to clarify official opinion there and remove any misunderstanding of Japan's opinion.

"NERVOUS CRISIS." Appearances here indicate that Japan is passing through another "nervous crisis" concerning her relations with the United States. Numerous interpellations have been made in the diet about the American attitude and while the important newspapers are counseling their readers to keep cool, it is apparent that a certain amount of apprehension exists concerning the result of the congressional inquiry in California. The Japanese, however, seem convinced that it is being conducted with the utmost fairness, and attention is being called to statements that a number of Americans have come forward spontaneously to testify in favor of the Japanese.

Among the incidents which have tended to fan anti-American feeling was the publication here of the reports that the burning of Japanese stores in Marysville, Calif., was possibly the act of anti-Japanese elements. Articles also have been printed declaring that Americans were engaged in an attempt to stir up Japanese mobs, and these have resulted in increased surveillance of American tourists.

FIRE EXPLAINED. With reference to the Marysville affair, the foreign office today gave out a cable message from Consul General Ota, stating that the fire started July 21 in an automobile garage owned by an American and that three or four Japanese houses and stores were burned. The consul general called attention to reports that were current classifying the case as incendiary due to underhanded Japanese agents.

Mr. McCadoo stated at the conference that the formidable campaign fund under control of Republican national committee and its serious menace to the forthcoming campaign had been discussed.

Mr. McCadoo's statement in part follows: "A vigorous and aggressive campaign will be undertaken and no effort will be spared to make the people of the country acquainted not alone with Governor Cox's progressive ideas and purposes, but to inform them of the exceptional record made by the Democratic administration under President Wilson during the past seven years."

The formidable campaign fund under control of the Republican national committee and its serious menace to the forthcoming campaign were discussed.

"If the senate investigating committee, of which Senator Kenyon of Iowa, is chairman, does its full duty, it will hold frequent sessions throughout the campaign and investigate fearlessly the sources from which is drawn the money to finance both the Republican and Democratic parties and the manner in which the money is expended."

NO PURCHASED PRESIDENCY. "It is easy for contributors and political committees to evade the federal corrupt practices law. Every subscription, such as to state committees instead of to national committees, advertising by private individuals or syndicates, so as to avoid accounting to the federal authorities, must be brought into the spotlight of pitiless publicity. The people will not stand for a purchased presidency."

Governor Cox stands for a clean election, for full and pitiless publicity of campaign contributions and their uses, for progressive policies and the league of nations. The Democratic platform and party offer the only refuge for the liberal and progressive elements of the country and for those who believe in universal disarmament and the prevention of war through an honorable association of the nations which will substitute arbitration for military force in the settlement of international disputes."

PARTY'S SLOGAN. WASHINGTON, July 29.—The Democratic party's campaign war chest is open to contributions of any amount, George White, chairman of the national committee, announced here today. Party leaders, Mr. White said, "will examine the source rather than the amount of all contributions."

"Peace, progress, prosperity" will be the three-word slogan of the Democratic campaigners, Mr. White said, adding that with this slogan should be "Cox sure" of victory.

The new national chairman referred to Illinois, Indiana and Ohio as the "battleground" of the campaign, but he indicated as the campaign plan developed Governor Cox would carry the

"Cox sure" of victory.
